eco-friendly Sintered stones

About Us

As Victoria, Australia's top importer of porcelain panels, Artekk Porcelain Panels is unique in its dedication to offering a wide range that meets the diverse needs of our valued customers.
 Our repository demonstrates adaptability by providing quick access to a variety of solutions for discriminating assignments. The core value of Artekk is unwavering flexibility.
Given the ever-changing needs of our clientele, both now and in the future, we gladly accept custom orders.
Our porcelain panels are more than just beautiful; they are resilient and environmentally aware. Our panels demonstrate structural robustness with a silicone composition of less than 13%, demonstrating our unwavering commitment to sustainable techniques. Artekk Porcelain Panels cordially welcomes both wholesale and retail customers, offering a smooth and cost-effective ordering process. Our goal is to make it easier for your company to incorporate our premium panels.
Two cutting waterjet machines in our facility complement our product line and allow us to offer auxiliary services like cutting, manufacturing, and installation.
This operational capacity is intended to help experts in the building, architectural, and interior design fields expedite the construction process.
At Artekk, providing excellent customer service is the core of our dedication. Our committed staff is ready to help with any questions, guaranteeing a positive and fulfilling collaboration.
Every connection we have at Artekk Porcelain Panels aims to create a lasting impact.
